Re: Approval of Large Mine Permit Amendment, Lone Star Industries, Inc. (d.b.a., Utah Portland Quarries, Inc.), Little Mountain Quarry, M/045/005, Tooele County, Utah

Dear Mr. Morical:

The Division has reviewed and hereby approves of Utah Portland Quarries August 8, 2002, faxed permit amendment for the Little Mountain Quarry, located in Tooele County, Utah. Approval of this amendment will effectively increase the total disturbed acreage from 20.4 acres to 23.3 acres for this large mine project. The area approved under this amendment will be reclaimed in accordance with the provisions of the approved reclamation plan.

The Division has determined that approval of this amendment will not require an increase in the recently escalated reclamation bond amount. Utah Portland Quarries will need to include the revised acreage figure in the new reclamation contract and the replacement surety bond currently being prepared for this project.

Thank you for your assistance in finalizing this permitting action. We look forward to the receipt of your revised reclamation contract and the replacement surety at your earliest convenience. If I can provide you with further assistance in this regard, please call me at (801) 538-5286.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Regulatory Program
